

# Investment profile

The Alpine Finanz Group is an owner-managed Swiss real estate company. Our core business is the development of land and existing properties as well as the planning, construction and management of modern commercial, office and hotel buildings. Our existing properties include several office properties and development plots, especially in the Berlin Brandenburg Airport Region.

We pride ourselves on being a very fast and, above all, straightforward business partner with sufficient equity capital. A first assessment, we make based on the address, tenant list, floor plans and the price. We are unbureaucratic, closing-oriented and discreet.

We look forward to your purchase offer to [angebote@alpinefinanz.de](mailto:angebote@alpinefinanz.de)

---
